association

---

**"I welcome the Housing Supply Association as a new and important voice at the table for housing affordability. We now have, for the first time, a purpose-led organisation representing industry leaders that are working hand-in-hand with those seeking greater affordable housing, to contribute to best practice policy as well as improved planning outcomes.**

**"Most importantly the HSA, in conjunction with its Members, now have the ability to have direct intervention on the supply and cost of housing issues."**

**"If you really want a good voice, if you really want to participate in the policy make-up, the HSA is a great opportunity to do that."**

**- The Hon. Anthony Roberts MP, NSW Minister for Planning and Housing**

**Join the only comprehensive industry voice in promoting housing supply and advocating and influencing better policy and planning outcomes.**

**The Housing Supply Association is a not-for-profit organisation representing developers, builders and professional service providers focused on working with Government to address the housing supply crisis.**

**Ensure your organisation has a seat at the table by joining the HSA today!**
